## EISWEIN | Grüner Veltliner

**METHOD:** Eiswein is one of the estate's sweet wine specialities. While we can produce noble sweet wines (Auslese, BA and TBA) in exceptional years only, we harvest grapes for Eiswein nearly every year. Grüner Veltliner is an especially good Eiswein varietal. Because of its thick skin, the grapes can stay on the vines for a very long time without any damage occurring. According to the Austrian wine law (unlike other countries) the grapes must be frozen naturally and can only be harvested and pressed at a minimum temperature of  $-7^{\circ}\text{C}$ .

**CHARACTER:** Coming from Ried Steinsetz and vinified in three 300-liter barrels, this EISWEIN offers a very clear, precise and aromatic bouquet of stewed and concentrated stone fruit intermixed with honey and floral aromas. On the palate, this is a quite sweet but elegant and fine wine with a stunning minerally fresh background ((c) R. Parker). Perfect with spicy cheeses and festive spiced cookies it also has excellent cellaring potential.

**WINE LIST DESCRIPTION:** This EISWEIN made from Grüner Veltliner grapes elegantly combines the sweet, ripe fruit aromas, the spiciness that is typical in that variety and the balancing freshness of the Kamptal climate.

**SCHLOSS GOBELSBURG** a Cistercian monastic estate, is one of the oldest wineries in the Austrian Danube area with a documented history that dates back to 1171. All the vineyards are located on slopes and terraces around the valley of the river Kamp near the town of Langenlois and the village of Gobelsburg. Schloss Gobelsburg specialises in Grüner Veltliner and Riesling and produces authentic and noble wines from different single vineyard, village and regional appellations. The winery is member of the association 'Österreichische Traditionsweingüter', which is working on a vineyard classification project for the Danube area.
